Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's Representative inquired on the previously made 35 USC 101 rejection of claims 7, 9 and 10 and desired a clarification of the issues as pertaining to these claims and 35 USC 101. Examiner indicated that due to a clarification of the interim guidelines for examination of patent application for subject matter eligibility, the 101 rejection for claims 7 and 9 would be withdrawn. Claim 10 however would still require modification to overcome the 101 rejection. Applicant's Representative also further explained the invention and particularly pointed out the differences between the prior art and the current claim language. Examiner indicated that a further review and consideration of the prior art would be performed upon receipt of a formal response to office action of 04/17/07.
